

Rahul Sharma

Email: rahulsharma@gmail.com | Phone: 9XXXXXXXXX | Location: India

Domain: Data Science

Target Role: Data Science Intern

Professional Summary:

Motivated Data Science student with strong knowledge of data analysis, machine learning, and statistics. Experienced in handling real-world datasets, building predictive models, and visualizing insights for decision-making.

Education:

Bachelor of Technology – Data Science

Savitribai Phule Pune University (2022–2026)

CGPA: 8.5

Technical Skills:

Python, SQL, Pandas, NumPy

Machine Learning, Data Cleaning, Feature Engineering

Matplotlib, Seaborn

Git, GitHub, Jupyter Notebook

Projects:

Sales Data Analysis Project

Analyzed large datasets, performed EDA, and generated insights using Python.

Customer Churn Prediction

Built ML models using Logistic Regression and KNN with 82% accuracy.

Experience & Impact:

Applied machine learning techniques to real-world problems.

Improved data quality through preprocessing.

Collaborated in team-based academic projects.

Certifications:

Data Science Fundamentals – IBM

Python for Data Analysis – Coursera

Job-Specific Keywords:

Data Science, Python, SQL, Pandas, NumPy, Machine Learning, Internship, Data Analysis
